Biloxi, MS 39535

Ms. O'Keefe,

The Dream Program, Inc. is a program created for people with disabilities in the Jackson County Area to enjoy a leisure lifestyle in union with others. As the founders of a program for people with disabilities we are constantly discussing at our Board of Directors meetings, "How can we get the word out?" We believe there are programs out there for people with disabilities that they do not have access to because they are uninformed. This is a disservice to all involved. Just recently we wrote our own grant proposal asking for support to create a marketing plan for our program.

Your organization has a modern solution that is long overdue and it will be easy for the consumer. We are in full support of the endeavor you are undertaking. People with disabilities have the right to have a lifestyle that is enriching and accommodating. Your project will create an information link for everyone involved and the connections could be endless.

We are excited to be a part of this project and see the benefits that it creates. The Dream Program, Inc. is proud to be associated with and support such a worthwhile, long term project.

Sincerely,

Lindsay and Troy Trigg

Founders/Executive Director
