RE: Disability Connection: Resource Center & Directory for People with Disabilities

Dear Mrs. O'Keefe:

Mental Health Association of Mississippi is happy to support your efforts of bringing people with a disability to the resources they need. It will be wonderful to have one website that people can go to and find out information on so many different topics. Mental wellness is a top priority here at Mental Health Association of Mississippi, therefore, we welcome any opportunity to educate the community of ways to engage with others and get help.

The people of the gulf coast embrace our community. There are so many wonderful organizations in the area with things to offer. However, the organizations and the people they are trying to reach do not always connect. This is a way to come together and promote what this gulf coast has to offer. It is also a way to communicate to the public that people with a disability are vibrant members of our society that can participate in activities and have fun.

We look forward to being a part of this endeavor and seeing how it all comes together.

Sincerely,

Kay Deneault
Executive Director
